EDUCATION

VARDHAMAN COLLEGE OF ENGINEERING
Bachelor's in Computer Science
August 2018 - September 2022 | Hyderabad, India

EXPERIENCE

MASSMUTUAL INDIA | FrontEnd Development Analyst
August 2022 – Present | Hyderabad, India

- As dedicated Frontend developer in massmutual my responsibility is creating dynamic and responsive web applications using React.
- Proficient in leveraging modern JavaScript frameworks and libraries, including React Router for seamless navigation, Redux for state management, and React Query for efficient data fetching.
- Skilled in using Tailwind CSS to build visually appealing and responsive designs. Strong problem-solving abilities and a keen eye for detail ensure high-quality user interfaces.

PROFESSIONAL PROJECTS

MM INVESTMENT DASHBOARD | React

- Developed an investment dashboard using React, which optimised and improved performance by 30 percentage, providing real-time portfolio tracking and analytics.
- Integrated React Router for smooth navigation and Redux for managing application state. Utilized React Query for efficient data fetching and synchronization with financial APIs. Designed a clean, responsive user interface with Tailwind CSS for an intuitive user experience.

MM ID GENERATOR | React

- Built an ID generator for new employees using React, streamlining the onboarding process. Employed React Router for easy navigation through different steps of ID creation and Redux for managing employee data,which optimised and improved performance by 20 Percentage.

PERSONAL PROJECT

ECOMMERCE APP | React

- Developed a comprehensive e-commerce app using React, featuring seamless navigation with React Router and state management via Redux.
- Implemented efficient data fetching and caching using React Query, ensuring real-time product updates and smooth user experiences. Styled with Tailwind CSS for a modern, responsive design.

FILE-SHARING APP | React

- Created a secure file-sharing application using React, enabling seamless file uploads and downloads. Utilized React Router for intuitive navigation and Redux for efficient state management. Implemented React Query for real-time data synchronization and file status updates. Designed a responsive and user-friendly interface with Tailwind CSS.

SKILLS

PROFICIENT
- React.js
- React Router
- React Hooks
- Redux
- React Query
- CSS
- HTML
- JavaScript
- Tailwind CSS
- Data structures and algorithms
- Problem Solving

FAMILIAR
- C++
- Agile
- SDLC
- Git/Github
- Superbase
- Jira

CERTIFICATES

TECH
- The complete JavaScript(Udemy)
- HTML and CSS(Udemy)
- React beginner to advance(Udemy)
- Agile(Udemy)
